

# SLITTER SCORER

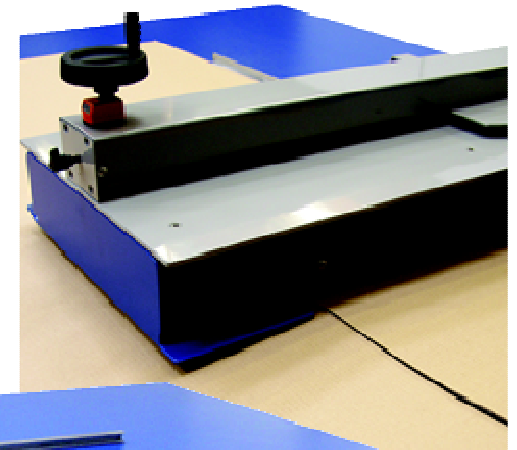

Corrugated sheet slitting machines – quick and easy to use.

The Autobox Slitter Scorer combines ease of use with versatility to provide exact cut sheets of board ready for boxmaking. The back guide is positioned using an accurate winding mechanism, whilst a digital counter gives a clear read-out of the measurement.

Operating from a single phase supply, the Slitter Scorer has a variable speed motor with electric control to combine precise sheet slitting with an easy operation.

Scoring tools are available for more complex boxmaking, or for the production of simple wraps and edge protection.

For over two decades Autobox Boxmakers have provided companies in all types of industry, with the facility to produce tailor made corrugated cases on a 'just-in-time' basis.

-  Quick and easy to use
-  Solid box chassis construction
-  Easy slip surfaces
-  Quick set scoring
-  Single phase power
-  Variable speed motor with electric control
